## Casket Price List ~ Supplement 1

### Cremation Caskets, Alternative Containers & Environmental Caskets

Prices effective December 1, 2023 ~ Format adjustment December 1, 2023

Prices and Merchandise subject to change without notice <sup>(3)</sup>

The **Cremation Caskets** listed below (ranging in price from \$7,725.00 to \$1,295.00 for adults) as well as any Hardwood Burial Casket may be selected for cremation services. It is a requirement that human remains be cremated in a combustible casket or “Alternative Container” for handling, transportation and sanitary purposes. Photographs of the below offerings are available to select from. Warranties are extended by manufacturer only.

The **Alternative Containers** listed below range in price from \$1,025.00 to \$80.00 for adults. If you want to arrange a direct cremation, you can use an alternative container. Alternative containers encase the body and can be made of materials like fiberboard or composition materials (with or without an outside covering).\*

#### HARDWOOD <sup>(1)</sup>

The natural warmth and beauty of solid wood is reflected in hardwood cremation caskets. These caskets are similar to traditional burial caskets, but are engineered specifically for cremation, with lower metal content, less ornamentation, and simpler designs. Cremation caskets are available in many common hardwood species, including cherry, mahogany, oak and pine. **Appropriate for services at Chapel and Church prior to cremation.**
